## Exide AGM EK013 – new type

October 2024

Dear customer,

We are happy to announce that, starting November 2024, we will launch a new type of backup battery in the Exide AGM range – EK013.

- Exide AGM EK013 supports automatic drivetrain electronics and gearbox electric oil pumps. This specialized battery plays a critical role in ensuring that vehicles continue to operate smoothly and reliably in the event of a malfunction with the main 12Ah batteries.
- The market coverage applies to over 5 million vehicles across the EU27 market, making it an essential component for a wide range of vehicles. The list of applications includes:

**RangeRover Evoque** L538 series / original spare part number **19G207C-AA**  
**Mercedes Benz** A class (W177, V177), B class (W242, W246, W247), CLA (C117, C118, X117), CLS (C218, X218), E class (W212, S212), EQA/EQB/EQE/EQV, G class (W463), GL class (X164, X166), GLA (H247, X156), GLB (X247), GLE (W166, C292), GLK (X204, GLS (X166), M class (W164), R class (W251, V251), S class (W221), Sprinter (B907, B910), V class (W447)/ original spare part number **N000000004039**.

**Exide AGM EK013**
